In 2008 the University of Queensland sent 499 tonnes of waste to landfill. 27% of the waste was recyclable - 13% paper and 14% other recyclables.

**What you can do ...**

**Reduce**
- Reduce packaging and return to suppliers
- Print double-sided and think before you print
- Purchase wisely and efficiently

**Reuse**
- Before you recycle or dispose of an item, consider whether you or others can reuse it

**Recycle**
- Paper (one of the easiest ways to reduce recyclables going to landfill)
- Cardboard and Polystyrene
- E-Waste (computers and other electronic equipment)
- Fluorescent tubes and other lamps
- Toner and ink jet printer cartridges
- Mobile phones
- Glass, aluminium cans and plastics

To request recycling boxes and bins, as well as collection of E-Waste and other items, email: recycle@pf.uq.edu.au
