

Bachelor of Mathematics / Bachelor of Commerce

1 Definitions

In these rules—

approved combination means a combination of courses approved by the executive dean;

BCom major means an approved combination of 12 units from part B of the BCom list of which 6 units must be at level 3;

BMath list means the course list for the Bachelor of Mathematics program;

BMath major means an approved combination of 16 units from part B of the BMath list;

late year course means a course at level 3 or higher;

pre-2019 student means a student who first enrolled in the program before 1 January 2019.

2 Field of study

- (1) A student may undertake the BMath part of the dual program in an approved major.
- (2) A student must undertake the BCom part of the dual program in an approved major.

3 Program requirements

- (1) To complete the program, a student must complete 64 units comprising—
 - (a) 32 units from the BCom list comprising—
 - (i) 14 units for compulsory courses (not including ECON1310); and
 - (ii) 12 units from a BCom major from part B; and
 - (iii) 6 units from parts B or C or a combination of both, of which only 4 units may be at level 1; and
 - (b) 32 units from the BMath course list comprising—
 - (i) 14 units from part A;
 - (ii) 14 units from part B or part C or a combination of both; and
 - (iii) 4 units from the BMath list, or part A or part B of the BSc course list; or courses approved by the associate dean (academic).
- (2) For subrule (1)(b), a student must gain 8 units for late year courses from part A or part B of the BMath list or a combination of both.
- (3) Unless a different intention appears in these rules a student must comply with the program rules for both degrees.

4 Special rules

4.1 Course exemption

A student is required to complete STAT1301 for the BMath component and may not enrol in ECON1310.

5 Transitional

A pre-2019 student may choose to complete the program under the rules in force on 31 December 2018, rather than under the current rules.
